## SUMMARY

Java Full Stack Developer with **1.5 years of experience at Endava**, including hands-on experience in **Java, Spring Boot, Spring WebFlux, Microservices, React, JavaScript, TypeScript, PostgreSQL, Apache Kafka, and Spring Security**. Experienced in developing REST APIs, business workflows, role-based access control, and event-driven applications across healthcare, assessment, and employee appraisal domains. Contributed to applications supporting **2,000+ users** and **4,000+ appraisal records**, with a 33% improvement in task efficiency. Strong foundation in full-stack development, API integration, testing, debugging, and enterprise application development.

## TECHNICAL SKILLS

**Language:** Java 8, JavaScript, TypeScript, SQL

**Backend:** Spring Boot, Spring WebFlux, Spring Security, Microservices, Reactive Programming, REST APIs

**Frontend:** React, HTML, CSS

**Database:** PostgreSQL, SQL

**Messaging:** Apache Kafka

**Testing & Performance:** JUnit, Mockito, Postman, JMeter

**Version Control & CI/CD:** GitLab

## PROFESSIONAL EXPERIENCE

**Endava Solutions India Private Limited**

08/2025 – 09/2026 | Bangalore, Karnataka

*Developer (Promoted: Junior → Developer)*

- Developed enterprise applications using **Java, Spring Boot, Spring WebFlux, React, TypeScript, and PostgreSQL**.
- Built and integrated **REST APIs, microservices, and reactive workflows** for business applications.
- Implemented **Spring Security, role-based access control, and Apache Kafka** for secure and event-driven processing.
- Contributed to **healthcare, assessment, and employee appraisal** applications.
- Supported **2,000+ HealthSync users**, contributing to a **33% improvement in task efficiency**.
- Enhanced an employee appraisal system handling **4,000+ appraisal records/details**.
- Performed **unit, API, and performance testing** using JUnit, Mockito, Postman, and JMeter.

## PROJECTS

**HealthSync**

01/2026 – 03/2026

*Full Stack Healthcare & Insurance Application*

- Developed a full-stack healthcare and insurance application using **Java, Spring Boot, React, and PostgreSQL**.
- Implemented **patient registration, hospital registration, insurance plan purchase, and doctor appointment** workflows.
- Developed **insurance claim processing** with hospital bill submission, admission/discharge details, and automated patient-record matching.
- Built **claim review workflows** enabling insurance agents to approve or reject claims with appropriate reasons.
- Developed **REST APIs, business logic, and frontend components** for patient, hospital, doctor, and insurance-agent workflows.
- Supported **2,000+ users** and contributed to a **33% improvement in task efficiency**.

**Assessment Portal**

05/2026 – 07/2026

*Enterprise Assessment Platform*

- Contributed to an internal assessment platform supporting **Super Admin, Recruiter, Admin, User, and Maintainer** roles.

- Implemented workflows for assigning assessments to internal employees and generating assessment links for external candidates.
- Worked with Kafka-based processing to handle **multiple assessment submissions concurrently**.
- Contributed to role-based access and secure application functionality using Spring Security.

### Endava Talent Sphere

08/2026 – 09/2026

#### Employee Appraisal Management

- Enhanced a microservices-based employee appraisal application using **Java, Spring Boot, React, and PostgreSQL**.
- Implemented **hierarchical appraisal workflows** based on employee reporting structures.
- Developed functionality for **creating appraisal cycles and assigning employees** to appropriate cycles.
- Implemented **multi-stage review workflows** involving employees, line managers, compensation reviewers, career coaches, and senior management.
- Developed business rules for **reviewer assignment, participation, and appraisal progression** based on organizational hierarchy.
- Supported appraisal processing involving **4,000+ employee appraisal details/records**.

## EDUCATION

---

### MIT Academy Of Engineering

2021 – 2025 | Pune, Maharashtra

*Bachelor of Technology (B.Tech.) in Computer Engineering*

CGPA: 9.33/10

## CERTIFICATES
